 - ❖ A lab from a European origin country – certified by origin country Authorities and to be established with the Euroclass Standard (UK certificates at Euroclass Standard are still valid)
 - ❖ SGS Laboratory is not certified in France: All materials certified by SGS Laboratory are not allowed for the construction in the Halls.
-
- **DEADLINE plans for custom-made booths: 30 APRIL 2025**
 - **Please send your plans to exhibit@eshre.eu**
 - **After ESHRE reviews your plans for compliance with ESHRE's building restrictions, they will also be forwarded to ESHRE's Health & Safety partner for further assessment**
 - **DON'T FORGET:**
 - To send the completed '**Health Safety Notice for Exhibitors ESHRE2025**' to sps@d-o-t.fr before 26 May 2025
 - To go through **the Fire Safety guide**
 - ➔ You can find both forms on [ESHRE 2025 Regulations Exhibit](#)

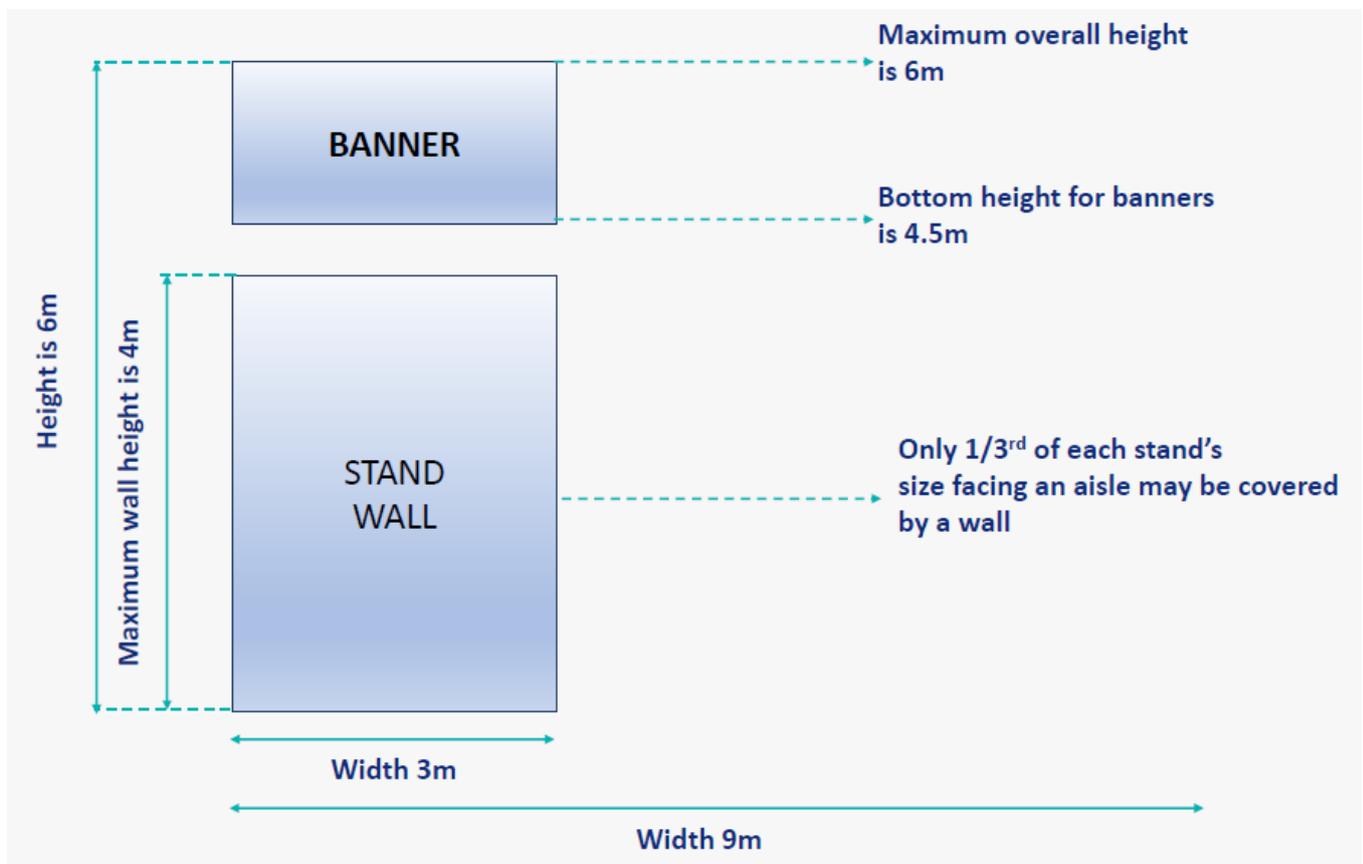

ESHRE's BUILDING RESTRICTIONS

- **Minimum** exhibit space = 9 m² (3m x 3m)
- **Maximum** exhibit space = 351 m² (i.e. total of 39 units of 9 m²)
- **Maximum building height walls:**
 - Island booths: 4 metres (middle and side walls)
 - Inline, Corner and Peninsula booths: 2,5 metres (back, middle and side walls)
- **There are 2 distinct overall heights:**
 - **Orange booth spaces: 4m (no rigging possible)**
 - **Green booth spaces: 6m (incl. rigging)**
- **Hanging banners (only possible for green booth spaces):**
 - They are allowed for the **green** Island, Peninsula, Corner and Inline booths

- The lowest point of the hanging banner has to be positioned at 4.5 meters above the floor. The hanging banners can have a maximum measurement of 1.5m, which brings the overall possible maximum height up 6 metres (see plans below)
- **Walls and middle structures:**
In order to create an open exhibition environment, only 1/3 of each stand's side facing an aisle can be covered by a wall or a middle structure
- For booths including a shell scheme package it's not necessary to send booth plans
